- Grant Recipients' Top Achievements
- Grant Recipients at Work

Year-in-Review

Thank you for another remarkable year. In 2023, KidneyCure awarded over \$3 million to 23 kidney investigators through a variety of [research grant programs](#) and supported nine endowed lectures at ASN Kidney Week 2023. Your generosity made these programs possible.

As the year comes to a close, ASN and KidneyCure wish you and yours a happy holiday season.

Grant Recipients' Top Achievements

KidneyCure celebrates the grant recipients' professional achievements from the year, including awards, promotions, and other major accomplishments. [Learn more](#) about the top 2023 highlights as reported by grant recipients.

Grant Recipients at Work

Current and former KidneyCure grant recipients work across the research spectrum to advance global understanding and treatment of kidney diseases. [Discover highlights](#) of recent publications, press coverage, etc., as submitted by KidneyCure grant recipients.
